### **Risen King Serving Culture:**

Three of our core values speak to our culture of serving at Risen King:

#### **Culture of Excellence, Integrity & Commitment**

At Risen King we believe in doing our best to honor God by how we choose to minister. Integrity is treasured and commitment is just not a word but an action.

#### **Saved People, Serve People**

just as we were created for relationship with God, we were created for relationship with people. Serving in the local church is one of the best ways to connect with people, and our church will be stronger and more effective when people work together. People contributing their unique gifts and perspectives to fulfill God's purpose and agenda - that's life at its best.

#### **We are Contributors, Not Consumers**

Followers of Jesus are people of action. Jesus did not wait around to be served but instead served, counting others before himself. We are a people that reject church consumerism in favor of being people who serve, pray and contribute financially towards the cause of Jesus. We are partakers and participants not bench warmers.
